# **Winter Wetland Plant Identification Oxford Police Station Conference Room 503 Main St., Oxford**

**Park in adjacent Oxford Middle School  
(497 Main St.) parking lot please!**

**Wednesday, December 16, 2015  
11:00am-1:00pm**

---

Wetland Plant identification is hard enough in the growing season, never mind when all the leaves fall off! Join MSMCP board members Delia Kaye, Natural Resource Director (Concord), and Matthew Varrell, Director of Conservation (Needham), to learn various plant identification features to help you master plant id in winter! We will also be outside to look at some winter plants so dress appropriately!

Bring field guides and a lens.

This meeting is our annual Potluck so please bring a dish for others to try! (lunch 11:15-11:45 during presentation)

There will be a board meeting from 10-11. Everyone is welcome to attend.
