## *Brown Bag Lunch Series*

---

**Non-chemical Invasive Plant Management**  
**Mike DeRosa of DeRosa Environmental**  
Town Hall Annex (basement) next to Town Hall  
25 Center Street, Burlington  
**Wednesday, September 26, 2018**  
**11:00am-1:00pm**

---

Mike DeRosa, of DeRosa Environmental Consulting Inc., will present mechanical (non-chemical) techniques for managing invasive plant species. Widely used Roundup contains glyphosate, which has been characterized as a carcinogen in California and Europe (but not by the EPA).

Learn ways to manage invasives without introducing more toxic chemicals into the soil and water.

**NOTE:** Parking is available behind the Town Hall, the Town Hall Annex, and in front of both on Center Street.

There will be a board meeting from 10-11. Everyone is welcome to attend.  
Please carpool if you can.
