Lisa Carrozza, Senior Project Manager at Tetra Tech, and Norton Conservation Commission member, will discuss erosion and sedimentation. She will also explain all the ins and outs of Storm Water Pollution Prevention Plans (SWPPPs) required in the Construction General Permit (CGP).

National Pollutant Discharge Elimination System General Permit for Discharges from Construction Activities	
In compliance with the provisions of the Clean Water Act, 33 U.S.C. §1251 et. seq., (hereafter CWA), as amended by the Water Quality Act of 1987, P.L. 100-4, "operators" of construction activities (defined in Appendix A) that meet the requirements of Part 1.1 of this National Pollutant Discharge Elimination System (NPDES) general permit, are authorized to discharge pollutants in accordance with the effluent limitations and conditions set forth herein. Permit coverage is required from the "commencement of construction activities" (see Appendix A) until one of the conditions for terminating CGP coverage has been met (see Part 8.2).	
This permit becomes effective on <b>February 16, 2017</b> .	
This permit and the authorization to discharge expire at 11:59pm, <b>February 16, 2022</b> .
